TwistedTechnologies

AppLauncher

1. System requirements: Windows 2000 Server or Windows 2000 Advanced Server, Windows NT4 TS Edition.
2. Your CD will auto run if it is enabled on your computer. Simply click on Install AppLaucher program on your application server.
3. Once installed, you will have a program group called AppLauncher consisting of the program and the Admin program.
4. Go to Start-Programs-Administrative Tools-Terminal Services Configuration
5. Click and highlight connections on the left window, now right click on RDP-TCP and select Properties.
6. Click on the Environment tab, check the box that says Override settings from user profile and Client Connection Manager wizard
7. In the program path put in the location where you install AppLauncher to, the default is "C:\Program Files\AppLauncher\AppLauncher.exe".
8. For Start In put in "C:\Program Files\AppLauncher\"
9. To allow only the programs you want users to access, click on Start-Programs-AppLauncher-AppLauncherAdmin
10. Click on Add and put in the name of the program that you want users to see, you can put in a description if you would like.
11. For the path, put in the location where the executable is, you may browse to find it. You can also select an icon, many are provided in the C:\Program Files\AppLauncher\Icons\Application Icons folder.
12. You can delete or modify the programs that you offer by clicking on the appropriate buttons.
13. If you would like to restrict access to a program by user or group, simply use NTFS permissions (deny read) on those executables for those particular users and groups. A future upgrade will allow this to be handled directly through the software.
14. If you are ready to purchase this software, simply register the program and you will receive an email directing you to the URL for the payment screen. Once you have made the secure online payment, your unlock code will be emailed to you. Since this software is licensed per server, the code follows the server.
15. Upon receipt of the unlock code, click on unlock in AppLauncherAdmin and put in your custom unlock code for full registration and to remove the entry popup.
16. Email support questions to info@mcse2000.com. Thank you!
