1 Sample

$\zeta(3)$ Apéry's constant 1
$\sqrt{2}$ Pythagoras' constant 1
π ratio of the length of the circumference of a circle to its diameter 1

This section discusses π, $\sqrt{2}$ and $\zeta(3)$.

2 Another Sample

0 nothing or nil 1
π ratio of the length of the circumference of a circle to its diameter 1
1 single entity, unity 1

This section discusses 1, π and 0.

Glossary

$\zeta(3)$ Apéry's constant 1
0 nothing or nil 1
$\sqrt{2}$ Pythagoras' constant 1
π ratio of the length of the circumference of a circle to its diameter 1
1 single entity, unity 1
